## Space saving staircase

- Strong straight flight staircase in solid spruce
- Attractive price and quality
- Easy and quick installation without the use of special tools
- Floor to floor height is adjustable by changing treads angle and landing space
- Space saving - the offset shape of treads minimizes the landing space required
- Comfortable and safe handrail as standard can be mounted on either the right or the left hand side of the staircase
- High carrying capacity tested to 300 kg

### Technical information

#### Treads
