SPIRAL STAIR KIT

## Description

$\triangle$ Available in 2 diameters; 1200 mm and 1400 mm .
4 The standard unit comes with 11 treads plus a landing tread and can reach a floor height up to 2760 mm . Heights of up to 3680 mm can be achieved by using additional tread kits.
$\triangle$ Min. opening sizes are $1250 \mathrm{~mm} \times 1250 \mathrm{~mm}$ ( 1200 mm diameter stair) and $1450 \mathrm{~mm} \times 1450 \mathrm{~mm}$ ( 1400 mm diameter stair).

4 The steel metalwork is available in White, Silver Grey, Red, Yellow, Blue or Green colour options.
$\triangle$ The steel treads come with self-adhesive grey rubber strips to create a non-slip surface.

4 For the Gamia Metal in White, the handrail supplied will be a white polyethylene type. All other Gamia Metal colour options will come with a grey polyethylene handrail.

4 The tread angle for the Gamia Metal is at $30^{\circ}$ for both diameter choices.
4 Optional upper floor balustrade for the Gamia Metal is also available.

4 In order to comply with building regs, we can supply riser bars these ensure that the distance between the treads does not exceed 100 mm .

| Gamia Metal Stair Heights |  |  |  |
| :---: | :---: | :---: | :---: |
| Staircase Height | No. of Risers | Tread Kits Required | Column Kits <br> Required |
| $2100 \mathrm{~mm}-2300 \mathrm{~mm}$ | 10 | - | - |
| $2310 \mathrm{~mm}-2530 \mathrm{~mm}$ | 11 | - | - |
| $2520 \mathrm{~mm}-2760 \mathrm{~mm}$ | 12 | GAMIA METAL STANDARD KIT |  |
| $2730 \mathrm{~mm}-2990 \mathrm{~mm}$ | 13 | 1 | - |
| $2940 \mathrm{~mm}-3220 \mathrm{~mm}$ | 14 | 2 | - |
| $3150 \mathrm{~mm}-3450 \mathrm{~mm}$ | 15 | 3 | $1^{*}$ |
| $3360 \mathrm{~mm}-3680 \mathrm{~mm}$ | 16 | 4 | $1^{*}$ |

Height dimensions in the above chart are based on an individual rise from 210 mm to 230 mm .
Rises from 200 to $210 \mathrm{~mm} \& 230$ to 240 mm are possible with baluster adjustments made at the point of assembly.

* These Supplementary Column Kits (Centre Post) are required for the Gamia Metal Spiral Stair to achieve higher floor heights up to 3680 mm
