

## DESCRIPTION

- ▲ The Premio is a robust zinc plated steel concertina loft ladder that comes complete with a steel hatchbox and chipboard trapdoor as standard.
- ▲ Available in many standard opening sizes (*See Chart below*).
- ▲ Designed to suit a floor to floor up to 3250mm.
- ▲ Ladder stores completely behind the vertical trapdoor.
- ▲ Non-slip treads and ladder support feet ensure stability and safety when climbing.
- ▲ The ladder uses a counterbalanced spring operation for ease of use.
- ▲ Steel hatchbox measures 140mm in depth.
- ▲ Standard chipboard trapdoor can be upgraded to either a plywood or MDF (white painted) option.
- ▲ Hatchbox is fixed into position using 4 clamps which allow it to be installed into a floor thickness up to 270mm
- ▲ Each unit is provided with an operating pole, full installation instructions and all necessary fittings.

## STANDARD SIZES

Floor Height	Opening Height	Opening Width
