

# T20 Stair Kit Accessories

## **T20-001**

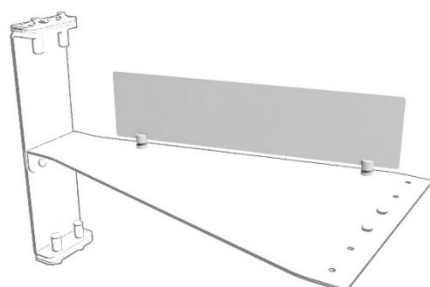

### **2nd Side Handrail**

Suitable for 10, 11, 12 or 13 Treads

Required when the T20 Stair Kit is not positioned against a wall to protect the alternate side of the Stair.

Complete with 20mm rounded steel balusters and a steel handrail (42mm diameter) plus all necessary fittings.

Comes powder coated in the Black, White, Light Grey or Dark Grey colour.

## **T20-002**

### **Riser Bar Kit**

Suitable for 10, 11, 12 or 13 Treads

Each Riser Bar is formed from a 3mm steel plate and is mounted to the rear of the tread with brackets.

The steel plate measures 500mm wide and 125mm high.

Comes powder coated in the Black, White, Light Grey or Dark Grey colour.

Reduces the gaps between the treads so it conforms to the 100mm gap rule (Building Regs).

## **T20-003**

### **Upper Floor Balustrade Kit**

Straight section measuring 1500mm

Complete with 13 rounded steel balusters (20mm diameter) and a steel handrail (42mm diameter).

Also includes handrail accessories such as a 90° corner connector, joining section and 2 end caps.

Comes powder coated in the Black, White, Light Grey or Dark Grey colour.

**T20-004**  
**Spindle-to-wall Stiffener**

Provides extra strength when securing a Balustrade kit (T20-003) to a wall.

Comes powder coated in the Black, White, Light Grey or Dark Grey colour.

**T20-005**  
**Spindle-to-spindle Stiffener**

Provides extra strength when securing two Balustrade kits (T20-003) together at a 90 degree turn.

Comes powder coated in the Black, White, Light Grey or Dark Grey colour.

**T20-006**  
**Spindle-to-floor Stiffener**

Provides extra strength to a Balustrade kit (T20-003) when one or more Balustrade kits have been used in a straight run.

Comes powder coated in the Black, White, Light Grey or Dark Grey colour.
